

Arkansas Department of Education

Division of Career and Technical Education

Preparing Students for Future College and Career Success

ACT Academies

The purpose of the ACT Academy is Reduce Remediation and Increase ACT Scores. The program is designed to assist students who score below a 19 in English, Reading and Math. Participants are provided workshops and ACT remediation/preparation instruction to generate the skills and motivation necessary to succeed in ACT testing, secondary education, and beyond. The ACT Academy is instructed by certified teachers or College developmental faculty, who has been by Sylvan Learning method. Instruction based on the Sylvan Learning model covers the subject areas of English, Reading, Math, and/or Science. Student's current level of skills in the subject areas are assessed through evaluation of results from prior standardized test s (ACT or ACT Aspire). College and Career Coaches are responsible for assisting instructors in their ACT courses. In addition, workshops conducted by College and Career Coaches consist of events and activities addressing College and Career Planning.
