

Work-Based Learning Overview

ARKANSAS DIVISION OF CAREER AND TECHNICAL EDUCATION 2018 - PRESENT

2018 - 2019

Internship redefined with added accountability

Youth Apprenticeship and Pre-Apprenticeship added as options to work based learning for alignment to programs of study, pre-apprenticeship opportunities, and Perkins V

Work-Based Learning Instructor Manuals finalized

Provided regional Work-Based Learning trainings for school districts on new work-based learning options and accountability

2020 - 2021

At the request of stakeholders, Career Practicum was added to work-based learning options for students in unpaid positions that align to their program of study

Youth Apprenticeship and Career Practicum Computer Science course codes were added to capture students working in the CS field for both the CS Initiative and DCTE work-based learning

All former work-based learning options (Agricultural and Business) consolidated into the current work-based learning structure

Participated on the state's National Governors Association state team to develop a statewide work-based learning strategy

Piloting Work-Based Learning Digital Platform

2022 - 2023

Increase student enrollment in WBL over 70%

Increased work-based learning awareness at multiple conferences

The AR Seamless WBL platform connected to Triand for student rostering

2019 - 2020

Work-Based Learning Instructor Manuals implemented in schools

Work-Based Learning section developed on Division of Career and Technical Education Website

State Chamber of Commerce Meeting with stakeholders giving an overview of work-based learning options and Perkins V

Provided two virtual Work-Based Learning trainings for school districts

2021 - 2022

Youth Apprenticeship is merged into Career Practicum to reduce the number of course codes. Career Practicum now covers students working in paid or unpaid positions that align to their program of study.

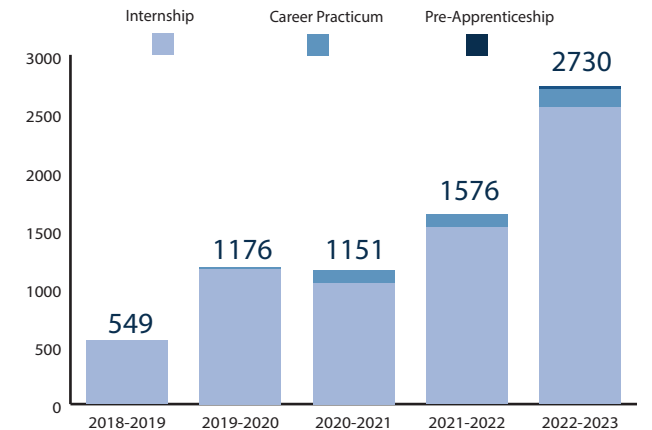

The AR Seamless WBL platform is launched for Work-Based Learning Coordinators to manage program data. This platform compiles this data for state-required reporting and accountability

Student work hour requirement is 120 hours per semester for 1 credit

NUMBER OF SCHOOLS PARTICIPATING IN WBL

NUMBER OF STUDENTS PARTICIPATING IN WBL

NUMBER OF WBL COORDINATORS IN DCTE MENTORSHIP PROGRAM
